Subject: Invitation to attend to an Online Workshop for Data Privacy Awareness and Compliance
Privacy Impact Assessment and Cyber Security Threats and Attacks

Dear Sir/Madam,

Greetings!

Yisrael Solutions and Training Center Inc is committed for the welfare of the country and the people. In line with the recent pandemic or the amid spread of COVID 19, the conduct of training classes or seminar/workshops all over the country had been temporarily postponed indefinitely until further notice to ensure the security, health and safety of our countrymen. However, we have decided to continue our operations with virtual classrooms and remote work through the use of digital communication technology.

As an alternative option for face-to-face, we would like to offer you our online workshop, the online equivalent of being in a training room and learning together as a group through collaborative activities which will be conducted over the internet.

All institutions, both from the Government and Private sector processing personal data in the Philippines are required to comply with RA 10173, the Data Privacy Act of 2012, as well as the Implementing Rules and Regulations (IRR) and memorandum circulars issued by the National Privacy Commission (NPC).

While we are staying at home to help controlling the spread of COVID 19, we are inviting you to attend in our online workshop classes for Data Privacy Act, Privacy Impact Assessment and Cyber Security Threat and Attacks. Our data privacy managers and data privacy experts will give you detailed information about Data Privacy Act and assist you and elucidate how to comply and participate in the NPC's road map towards security of personal data in the government agencies. Our cyber security expert will give discussion and demo about Cyber Threats and Attacks.

Below are the online workshop class programs/modules:
