

KELSTON MONTESSORI SCHOOL
122 A T. Delos Santos St. Pob. North
Science City Of Muñoz, Nueva Ecija

A BRIEF HISTORY

The inspiration for Little House Learning Center came in when a small group of friends dream of having their own school. The name Little House came from the school “Little House of Learning” where one of the owners had a teaching experience for a few months as trainee.

By the year 2005, a school was born at 122 A T. Delos Santos Street Poblacion North Science City of Muñoz, Nueva Ecija, near Bahamas Resort. In the beginning of operation the school offered Pre-Nursery to Grade 3. A caring and loving environment is created for little one as they grow, discover and learn through years.

Soon after school began, word started to spread, and also grown to offer all grades from Pre-Elementary to Grade Six.

By fall 2006, the school was amended and was recognized by DepEd in the year 2009 with DepEd recognition No. **E-076 s.2009**.

The name of the school was changed to KELSTON MONTESSORI INC. Reflecting to its commitment, include academic excellence, community service and leadership by example. To help ensures that students at every grade had opportunity to flourish and grow. Throughout the history, the

school community has remained committed to creating an environment in which students are known, and encouraged to grow and help every children to change their lives and fulfill their highest destiny.

=Vision=

We can make all the difference in inspiring... To help every children to change their lives and fulfill their highest destiny.

=Mission=

“Every time a teacher touches a child, it’s a moment of truth, an opportunity to grow its intellectual impact a relationship. Our mission is to help each child to use this opportunity to their advantages.”

=Philosophy=

The learning process is endless, we must read, we must observe, we must assimilate, and we must ponder that to which we expose our minds.

We believe in the evolution of the mind, the heart and the soul of humanity. We believed in growth, there is nothing quite as invigorating as being able to evaluate and then solve a difficult problem, to grapple with something that seems almost unsolvable and then a solution.
