## HISTORY OF PALUSAPIS INTEGRATED SCHOOL

The Palusapis Integrated School was established on July 19, 2013 by virtue of the Government Permit No. S-035, s. 2013 issued by the DepEd Region III Field Office. Through the initiative of Mr. Felix A. Lagasca, the Palusapis Integrated School expands to offer Senior High School Curriculum. School Year 2016-2017 was the first year of implementation of Senior High School Curriculum specifically the Technical-Vocational and Livelihood (TVL) Program with specialization in Agricultural-Fishery Arts (TVL-AFA) under the administration of Dr. Joven P. La Rosa and Dr. Katherine M. Lazaro.

In support with the track and strand offered, the Palusapis Integrated School also implemented Rural Farm School Curriculum starting SY 2018-2019 through the initiative of Dr. La Rosa. Rural Farm School Curriculum is a localized curriculum intended to capacitate the Junior High School students in Agriculture and Fishery. In order to strengthen and solve the challenges of tailor-fitting the K-12 Curriculum into a rural environment, the school innovated the learning-delivery system through the integration of Multiple Intelligences on the learning methodologies of the school.

On November 19, 2019, the Palusapis Integrated School was awarded as Outstanding Innovation in Quality Education – Curriculum Design and Development for Learning Effectiveness and Learning Methodologies on the 6<sup>th</sup> Excellence in Educational Transformation Award (EETA) by Bayan Academy in partnership with Department of Education, REX Bookstore, Knowledge Channel Foundation, Inc., and ABS-CBN Lingkod Kapamilya Foundation, Inc.

The succeeding administrators of the school were as follows:
