1. Rabies as one of the neglected tropical diseases which has a 100% mortality rate remains a public health problem in the Philippines. As we celebrate rabies Awareness Month this March, with this year's theme "Rabies Free na Pusa't Aso, Kaligtasan ng Pamilyang Pilipino", we aim to raise awareness and educate learners and DepEd Personnel in schools and the community about the prevention and control of rabies.
2. In line with this, all Public Elementary, Secondary, and Integrated Schools are hereby encouraged to strongly support this advocacy to conduct activities such as poster-making contests, inflomercials, and pamphlet-making about rabies and other initiatives to highlight the importance of vaccination, responsible pet ownership, and understanding the risks associated with rabies.
3. Attached herewith is School Narrative Report as Enclosure No. 1 to be submitted on or before March 29, 2024, at the Health, and Nutrition Unit under Schools Governance and Operations Division (SGOD).
4. For clarifications, you may contact the School Health and Nutrition Unit through these emails: marianne.coronel@deped.gov.ph and charmaineeljie.rayos@deped.gov.ph
