1. Section 22(c) of RA 10121, also known as the Philippine Disaster Risk Reduction and Management Act of 2010, authorizes all government departments, bureaus, offices, and agencies to allocate a portion of their appropriations for projects addressing disaster risk reduction and management (DRRM) activities. These initiatives must be implemented in accordance with the guidelines set by the National Disaster Risk Reduction and Management Council (NDRRMC), in coordination with the Department of Budget and Management (DBM). Furthermore, the General Appropriations Act mandates that a portion of government funds be specifically allocated for DRRM activities.

2. To ensure sustained implementation of Disaster Risk Reduction and Management (DRRM) in the education sector, as directed by the DepEd Central Office through the DRRMS, this office hereby mandates all schools to allocate 5% of their Maintenance and Other Operating Expenses (MOOE) for DRRM-related activities, such as:

- Preparation of an annual DRRM Plan with corresponding budgetary requirements covering the four thematic areas: Prevention and Mitigation, Preparedness, Response, and Recovery/Rehabilitation;
- Integration of the DRRM Plan into the School Improvement Plan (SIP), School Operating Budget (SOB), and Annual Implementation Plan (AIP);
- Attendance and participation in Division-led DRRM activities;
- Prepositioning, procurement, operation, and maintenance of disaster and emergency-related equipment and supplies (not classified under Capital Outlay) as reflected in the DRRM Plan and/or Contingency Plan;
- DRRM capacity-building activities for school personnel and learners;
- conduct of multi-hazard drill; and
- Other necessary expenses for the effective implementation of the DRRM program.
