AND PROPOSED INTERVENTIONS**

To: Assistant Schools Division Superintendent

1. In the recently concluded *Data Analytics Training for School Leaders*, identified model presenters from the elementary and secondary levels delivered presentations on trends and interpretations of schools' key performance indicators (KPIs), assessment results, as well as Division-level analysis from CID and SGOD, including the ways forward.
2. To ensure full participation and consistent implementation across all schools in the Division, all public elementary and secondary schools are required to present their school data analysis to an assigned SDO team.
3. This activity aims to:
 - a. provide schools with an avenue to present their school data analysis;
 - b. ensure alignment of school initiatives with DepEd and SDO priorities;
 - c. allow SDO teams to provide targeted feedback; and
 - d. monitor the readiness and capability of schools for implementation of interventions.
4. Each of the seven (7) SDO Teams is assigned a scheduling window from March 16–27, 2026. Teams shall coordinate directly with their assigned School Heads to finalize their respective schedules and venues, and must complete all assigned schools within the given timeframe.
5. Attached to this Memorandum is Enclosure No. 1: Panel Composition and School Assignment.
